

# **GUIDELINES FOR ACCESSING TETFUND INTERVENTION FUNDS**

**MAY, 2017**

## **1.0 INTRODUCTION**

The Tertiary Education Trust Fund (TETFUND) was established by an Act of the National Assembly in June 2011. The Act replaced the Education Tax Fund Act Cap. E4 Laws of the Federation of Nigeria 2004 and Education Tax Fund (Amendment) Act No 17, 2003. The Fund was set up to administer and disburse education tax collections to the Public tertiary educational institutions in Nigeria defined under the Act as universities, polytechnics and colleges of education. The main source of income available to the Fund is the 2% education tax paid from the assessable profit of companies registered in Nigeria. The tax is collected by the Federal Inland Revenue Service (FIRS).

### **1.1 AREAS FOR INTERVENTION**

Beneficiary institutions are required to apply the money for the following:

- a) Provision of essential physical infrastructure for teaching and learning;
- b) Provision of Instructional materials and equipment;
- c) Research, Book Development and Publication (Journals and books);
- d) Academic Staff Training and Development; and
- e) Any other need, which in the opinion of the Board of Trustees is critical and essential for the improvement of quality and maintenance of standards in the educational institutions.

The Board of Trustees (BOT) of the Fund is statutorily charged with the responsibility of administering, managing and disbursements of these funds to beneficiaries in the public tertiary educational institutions under established guidelines.

### **1.2 RATIO OF DISTRIBUTION TO BENEFICIARIES**

The enabling Act establishing the Fund prescribes the distribution of the funds in the ratio 2:1:1 respectively to Universities, Polytechnics and Colleges of Education (COEs). The Act provides that fairness and equality should be ensured in the distribution of the funds to the beneficiary institutions.

## **2.0 GUIDELINES TO ACCESSING TETFUND INTERVENTION FUNDS**

TETFund intervention funds can easily be accessed following the guidelines established by the Board of Trustees of the Fund in line with its enabling Act. This presentation shall detail every requirement that should mandatorily be met in order to qualify as a beneficiary of the Fund on one hand and detail out conditionalities for accessing the intervention funds once enlisted as a beneficiary institution.

## **3.0 ENLISTMENT AS A BENEFICIARY**

An institution must be enlisted by approval of the Board of Trustees of TETFund to qualify as a beneficiary of TETFund intervention funds. To be enlisted as a TETFund beneficiary, the following must be fulfilled by prospective institutions:

- i. The prospective beneficiary must be a Public Tertiary Institution, that is, Federal or State University, Polytechnic or College of Education (COE);
- ii. The institution must be recognized by the relevant regulatory body – NUC, NBTE or NCCE as the case may be and evidence of this should be available both with the institution and the regulatory body for citing;

2. The Beneficiary institutions must have fully completed the previous year's regular intervention projects.
3. For beneficiary institutions with arrears of unaccessed regular allocations, the Board of Trustees allows for a merger of up to 4years of the allocations; subject however to the satisfactory completion and verification of the previous year's intervention projects. Furthermore, concurrent utilization of yearly allocations is not allowed, that is, the Fund does not approve of intervention projects of different years running together.
4. Submission of proposed projects to the Fund must be in line with TETFund's Core Mandate of supporting provision of infrastructure for Teaching, Learning and Research.
5. Such submissions should be in pursuit of the strategic priorities of the institution as contained in their Academic Briefs and Strategic Plans.

#### **A. HIGH IMPACT**

The Special High Impact Intervention seeks to massively inject funds into selected tertiary institutions to achieve a major turnaround through **Programme Upgrade** and **Improvement in the Teaching and Learning Environment**. Beneficiary institutions are selected by the Board of Trustees on the recommendation of Management. The principle of equality of zones is employed in making the recommendations to the Board.

#### **B. BOT SPECIAL INTERVENTION**

These are interventions which in the opinion of the Board of Trustees are deemed critical and essential for the improvement of quality and maintenance of standards in the tertiary educational institutions.

This intervention also seeks to address peculiar situations that may arise in some beneficiary institutions arising as a result of:

- (i). Natural disaster;
- (ii). Other unforeseen circumstances;
- (iii). Government directives.

**6.3 POST AIP STAGE AND REQUIREMENTS FOR DISBURSEMENT OF FUNDS**

Funds disbursement is done after the AIP has been granted and the Due Process requirements have satisfactorily taken place. For Construction-related projects, disbursements are in three (3) tranches of 50%, 35% and 15%; while for Procurement-related projects, disbursements are in two tranches of 85% and 15%. The Due Process leads to accessing the First (1<sup>st</sup>) Tranche of funds and must be carried out in line with the provisions of the Public Procurement Act 2007.

### **6.3.1 Due Process Requirements for Accessing the First (1<sup>st</sup>) Tranche of Funds are as follows:**

#### **a) Advertisement**

This is the first thing to do after obtaining AIP. The requirements are as follows:

- i. Advert must be in at least two (2) National Newspapers and the Federal Tenders Journal;
- ii. Advert must state criteria/conditions upon which interested bidders would be assessed for pre-qualification. The conditions shall be in line with the provisions of the Public Procurement Act 2007; and
- iii. Evidence of observance (copy of advertisement) must be submitted to the Fund.

#### **b) Pre-Qualification**

The Technical and Financial capabilities of Expressers of Interest (E.O.I) are evaluated at the Pre-Qualification stage. The Pre-Qualification stage is very important, as it is the stage where technical and financial competences of bidders are measured. Beneficiaries (i.e., the Procuring Entity) should be wary of persons/companies in receivership, who are insolvent or are bankrupt. Evidence of the Pre-Qualification exercise must be submitted to the Fund alongside other documents.

#### **c) Tender Action**

- i. Successfully pre-qualified bidders should be formally communicated and issued Tender documents for pricing;
- ii. Invitation to Tender should state Closing Date and Time and copies of this should be submitted to the Fund;
- iii. TETFund should be invited to witness Opening of Tenders, with such invitation reaching the Fund not later than two (2) weeks to the date of the event;
- iv. Record of Attendance of all those present at the Opening of Tenders should be taken in the handwriting of all attendees. Each person should sign the attendance register, indicate the organization they represent, with contact phone numbers and email address; and

- v. Copy of the attendance record should be submitted to the Fund in raw form.

**d) Bid Evaluation**

- i. All opened and validated bids shall be evaluated and analyzed professionally to decide on the most responsive and best evaluated bid (not least tender);
- ii. The Tenders Board of the Procuring Entity shall make recommendations on the winning bids;
- iii. In instances where thresholds exceed the approval limit of the procuring entity, a higher approval should be sought – that is, Ministerial Tenders Board (MTB) or the Federal Executive Council (FEC), depending on the cost of the project; and
- iv. Copy of Minutes of Tenders Board meeting and where applicable, the MTB should be forwarded to the Fund, including, where applicable, the “Certificate of No Objection”/Federal Executive Council (FEC) approval of award.

**e) Letter of Commitment**

All beneficiaries are expected to include a Letter of Commitment in their Due Process submission to the Fund. The Letter of Commitment is an undertaking from the beneficiary to immediately commence the project execution on receipt of the first (1<sup>st</sup>) tranche of funds. This is to discourage the practice of keeping money in fixed facility over a period before commencing the project. TETFund strongly objects to the practice of money fixing by the beneficiary institutions.

**6.3.2 Requirements for Accessing the Second (2<sup>nd</sup>) and Final Tranches**

Release of the second (2<sup>nd</sup>) tranche is subject to the following:

- i. Beneficiaries must apply to the Fund and show physical proof through photographs that the funds released in the 1<sup>st</sup> tranche have been fully utilized;
- ii. Inspection visit by Officers of the Fund during Project Monitoring;
- iii. Submission of two (2) copies of financial renditions, with a copy addressed to the Internal Audit Unit (IAU) of the Fund through the Executive Secretary;

iv. Issuance by the IAU of a Clearance Certificate to process the funds.

### **6.3.3 Requirements for Release of the Final Tranche**

To qualify for release of the Final Tranche, all the above listed documentations in item 6.3.2 shall be required. However, the projects must have been fully completed, duly inscribed with the TETFund insignia and Year of Intervention and verified by Officers of the Fund.

### **6.3.4 Commissioning of TETFund projects**

At the release of final tranche, beneficiary institutions should notify the Fund of arrangement of commissioning of completed TETFund projects.

## **7.0 MULTIPLE PROJECTS INTERVENTION**

In order to ease the problem of non-release of funds at the final tranche stage due to problems associated with differential completion periods of projects on a given intervention, the Fund may unbundle the intervention – Construction on one hand and Procurement on the other, so that they run as parallel projects within the same intervention. In effect, the submission on such intervention will no longer be as a single submission, but as separate interventions which would be reconciled and processed as such. This is to eliminate the long-standing problem of contractors who have been able to fully complete their segment of the intervention but cannot access the final tranche because the other components within the same intervention is still on-going.

## **8.0 GUIDELINES AND REQUIREMENTS FOR ACCESSING FUNDS FOR LIBRARY DEVELOPMENT, INSTITUTION-BASED RESEARCH, ACADEMIC MANUSCRIPT/BOOKS PUBLICATION AND ACADEMIC RESEARCH JOURNAL**

### **8.1 LIBRARY DEVELOPMENT**

The following requirements are to be fulfilled by each beneficiary institution before obtaining approval-in-principle for library development intervention from the Fund:

- b. Funds for library development intervention shall not be utilized for procurement of consumables or any other items;
- c. After the issuance of the AIP, beneficiary institutions are expected to commence the process of vendor-hiring in accordance with the provisions of the Public Procurement Act 2007;
